Samuel Rayapati Et AL. \*  
Defendant \*

Affadavit of Willie Strickland

My name is Willie Strickland. I am an inmate currently incarcerated at Easterling Correctional Facility. I was transferred here on February 8th, of 2006, due to my continuing suit at Ventress. I have exhausted normal means of trying to have surgery done. All defendants have had knowledge of my condition since before June 5, 2004 when Mr. Giles was notified through certified mail from my family of my problem. (See Ex. A) On June 14, 2004 Mr. Samuel Rayapati filed a utilization management referral review form to his employer at Prison health Services Inc. (See Ex. B), this plainly shows where Dr. Rayapati acting as facility medical director requested an office visit with a specialist to determine whether surgery was needed. This was denied on June 16, 2004.

Samuel Rayapati filed another utilization management referral review form on February 25, 2005 requesting for the plaintiff to have a consult for surgery with a specific doctor.

The reffered doctors name is Dr. Wyhte. (See Ex. B-2) The plaintiff never saw Dr. Wyhte. The medical director for Ventress Correctional Faculity, Dr. Rayapati, has said through these forms that the plaintiff should be evaluated at the very least. This never happened. As ofnow the Plaintiff has knots forming on His inner thigh and is in extreme pain, simply because of Prison Health Services Inc. decided without having ever seeing the plaintiff or having specialist qualified to evaluate his condition, that He needed no care. Left untreated a herina can cause cancer, gout, gangreen and death if ruptured.
